

I love helping and partnering with organizations that give back to the community especially the ones that focus on assisting others that are hurting emotionally, physically, spiritually, and mentally. I am currently working with many organizations in some capacity to help bring a deeper awareness to their cause by way of digital media content production that speaks to the heart of their mission, passion and purpose.

That said, I am honored and humbled to be considered for your Digital Production Manager position so that I may serve FOZA Inc., with that same drive, enthusiasm and commitment in order to help women, children and families affected by Postpartum Depression.

Peace and Blessings!

Gail

Meet Gail Flowers, Founder and CEO of AddVoyces Digital Media Productions. For over 15 years Gail has been supporting small and emerging business owners by offering both professional and affordable digital media productions to help them reach their digital communications and marketing goals.

Gail has a keen knack for selecting just the right elements needed for each individual project with razor sharp focus on each of her client's unique brand, making a clear distinction between them and their competitors.

Ms. Flowers specializes in audio/video productions, podcast creation and production, professional voiceovers, digital media content editing, script writing, and digital programming creation & production.

Now residing in Southwest Florida, Gail is currently working on projects with clients countrywide helping them promote their brands through professional digital media content creation.
