

FOZA Volunteer – Makayla Anderson
Online Communication Amplifier

Quote: "It is my passion to help organizations grow!"

- *Makayla Anderson*

My name is Makayla, and I am a high school sophomore. A lot of my time and dedication goes into making sure nonprofits and organizations surrounding me are helped, served, and communicated with.

It is my passion to help organizations grow!

I support 10+ organizations in their efforts daily, while also opening my own nonprofit related to bullying.

I provide support and a phone number for students all across the globe to contact when they are in need of support after being in such situations. I also have helped provide resources and items sent to help these students feel loved.

I hope to help FOZA in all they do, and even bring some of my own ideas to the table. FOZA strong!
